

At Affinity Smiles, our practice philosophy is to treat you as part of our family. Dr. Joann Kochikaran and Associates strive to attain a comfortable and open relationship where trust is the foundation of our practice.

"When I have an appointment with Dr. K I feel like I am at the spa! LOL. Really, I do, it is a relaxing experience. She explains every step of the process and is so calm and clear. I'm in my fifties, so I've had a lot of dental work - implant, crowns, fillings, bonding, cracked teeth - so I know a good dentist. Affinity Smiles is the best of the best. My new crown looks and feels great! If you're looking for a GREAT dental experience, I highly recommend you consider this office. Both of my kids go to her and felt very comfortable in the office, as well.
